

**GREENTOUR**  
TIRES

# LONGER MILEAGE POWERFUL TRACTION

GDR201 provides optimum handling, grip and wet performance for long-haul or regional roads.

**VERSA TOUR** **GREENTOUR** GDR201

# VERSA TOUR GDR201

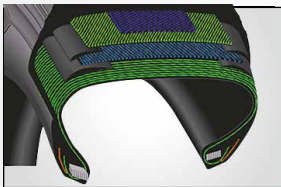

## Size Range:

Size	PR	Load Index	Speed	Tread Depth (mm)	Standard Rim
11R22.5	16PR	146/143	L	22	8.25
11R24.5	16PR	149/146	L	22	8.25

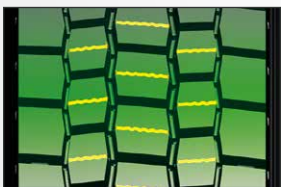

Recommended position

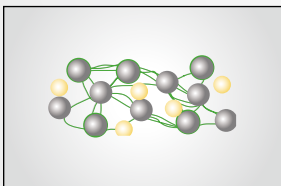

## Features & Benefits:

Four-belt construction increases casing and treads stiffness, minimizes tire deformation for more extended tire life.

Uniquely arranged block and sipe angle improve traction for better driving performance.

Uniquely formulated tread mixture enhances abrasion resistance for longer mileage.

Uniform force distribution enables optimal tire footprint at different loads level, thus resulting in regular tread wear.
